

FLAVIA CONTI

~ Senior Art Director

~ ABOUT ME

I'm Flavia, a Senior Art Director with a career spent shaping campaigns that have earned recognition on some of the world's biggest stages. I'm passionate about using creativity to tell authentic stories, create connections, and spark meaningful conversations. I love working in international environments, where diverse perspectives challenge me to think bigger and push the boundaries of what's possible.

When I'm not working, you can find me at the beach catching some waves or more probably petting my cat.
